D. O. No. P-45021/127/2018-BE-II
5th December, 2018

Dear Secretary,

Please refer to Public Procurement (Preference to Make in India) Order, 2017 (PPP-MII Order 2017), as amended on 28th May 2018, to provide purchase preference to 'Make in India' supplies in public procurement. As per the Clause 10(b) of the Order, "procuring entities shall endeavour to see that eligibility conditions, including on matters like turnover, production capability and financial strength do not result in unreasonable exclusion of local suppliers who would otherwise be eligible, beyond what is essential for ensuring quality or credifworthiness of the supplier."

Domestic manufacturers have been raising grievances that in several tenders floated by Government departments/ PSUs, certain items of foreign make are only approved/ specified for supply and that the items of Indian make are excluded from the approved list. Similarly, some local manufacturers have alleged that imported Telecom/ IT Software/ Hardware items of specific make/ model are being procured by various procuring agencies across Ministries/ Departments. It has also come to our notice that many Government tenders specifically mention foreign brands.

Indicating foreign make/ brand in the tender even when sufficient local capacities and capabilities exist, and thereby excluding local manufacturers from participation, is violative of PPP-MII Order. In fact, specifying brands is violative of the provisions of General Financial Rules, 2017(GFRs) and this practice needs to be stopped forthwith. Hence, it is required that attached/subordinate offices and PSUs under the administrative control of your Department be directed not to mention any foreign make/ brand in either direct procurement or for procurement
