7. Sufficiency of Tender

The contractor shall be deemed to have based his Tender on the data made available by the Employer and on his/their assessment with the nature of work involved in this tender after due own inspection and examination of site at NEIGRIHMS, Shillong-793018 Meghalaya.

8. Contractor’s Employees

The contractor shall provide on the site technical and non-technical staff in connection with the operation and maintenance, execution and completion of the works and the remedying of any defects therein related to any equipments/instruments/machines/panels/switchgears/associated accessories installed in electrical sub-stations, Electrical LT Panels of NEIGRIHMS for power supply distribution system. The minimum staff shall be as per description of work mentioned in BOQ, which may increase as per requirement of work and as decided mutually.
between Employer and Contractor. Contractor employees shall maintain proper behaviour and decorum at all times during deployment under this contract at NEIGRIHMS Site and while dealing with NEIGRIHMS Officials.

9. **Employer at liberty to object**

The Employer shall be at Liberty to object to and require the contractor to remove forthwith from the works any person provided by the contractor who, in the opinion of the Employer, misconducts himself, or is incompetent or negligent in the proper performance of his duties, or whose presence on site is otherwise considered by the employer to be undesirable or such employee found in inebriated situation, and such person shall not be again allowed upon the works without the consent of the employer. Any person so removed from the works shall be replaced as soon as possible.

10. **Safety, Security and Protection of the Environment**

The contractor shall, throughout the execution and completion of the works and the remedying of any defects therein:

a) Have full regard for the safety of all persons entitled to be upon the site and keep the site (so far as the same is under his control) and the works (so far as the same are not completed or occupied by the employer) in an orderly state appropriate to the avoidance of danger to such persons, and

b) Provide and maintain at his own cost all lights, guards, fencing, warning signs, safety equipments and watching, when and where necessary or required by the employer or by and duly constituted authority, for the works or the safety and convenience of public or others, and

c) Take all reasonable steps to protect the environment on and off the site and to avoid damage or nuisance to persons or to property of the public or others resulting from unnecessary pollution, noise or other causes arising as a consequence of his methods or operation.

d) Contractor shall adopt all necessary and statutory safety measure to safeguard his/their employees from any untoward accident during carrying out operation and maintenance works.

e) Contractor shall be responsible for any injury caused to his/their employees due to any reasons thereof and NEIGRIHMS and its employees shall be indemnified of any such injury and/or loss of life.

11. **Care of Works**

The Contractor shall take full responsibility for the care of the works during the entire duration of the contract including care of all elements of electrical sub-stations.

11.1 **Responsibility to Rectify Loss or Damage**

If any loss or damage happens to the works or all equipments/elements of electrical sub-station, or any part thereof, or materials or plant for incorporation therein, during the period for which the contractor is responsible for the care thereof due to poor workmanship and mishandling or from any cause whatsoever, the contractor shall, at its own cost, rectify such loss or damage by replacement or repairing as decided by NEIGRIHMS so that the O&M Works conform in every respect with the provisions of the contract to the satisfaction of the Employer. The Contractor shall also be liable for any loss or damage to the works occasioned by him in the course of any operations carried out by him for the purpose of complying with his obligations:

a) Insurance of work by the contractor for his liability:
   (i) During the operation and maintenance period for loss or damage to property and life arising from a cause for which contractor is responsible.
   (ii) For loss or damage occasioned by the contractor in course of any operation carried out by him for the purpose of complying with his obligations.

It shall be the responsibility of the contractor to notify the Insurance Company of any change in the nature and extent of the works and to ensure the adequacy of the Insurance cover at all times during the period of contract. Contractor shall be liable for compensation to NEIGRIHMS for damage to equipments covered under this O&M contract.
11.2 Damage to Persons or Property

The Contractor shall, except if and so far as the contract provides otherwise, indemnify the employer against all losses and claims in respect of:
(a) Death of injury to any person, or
(b) Loss or damage to any property/assets/equipments/elements (other than the works):

Which may arise out of or in consequence of the operation and maintenance of the Works and the remedying of any defects therein, and against all claims, proceedings, damages, costs, charges and expenses whatsoever in respect thereof.

12. Accident or Injury to Workmen

The employer shall not be liable for or in respect of any damages or compensation payable to any workmen employed by contractor/firm for death or injury resulting from any act or default of the contractor. The contractor shall indemnify and indemnified the Employer against all such damages and compensation and expenses whatsoever in respect thereof or in relation thereto.

13. Compliance with Statutes, Regulations

The contractor shall conform in all respect, including by the giving of all notices and the paying of all fees, with the provision of:
(a) Any statues, Ordinances, or other laws, or any regulations, or bye-laws of Central Govt. or State Govt. or any local or other duly constituted authorities in relation to the execution and completion of the works and the remedying of any defects therein under this contract and,
(b) The rules and regulations of all public bodies and companies whose property or rights are affected or maybe affected in any way by the Works, and the Contractor shall keep the Employer indemnified against all penalties and liability of every kind for breach of any such provision.
(c) Any charges required for approval due to revision of the Local laws.

However, orders/instructions by Statutory Authority or Govt. Authority issued for compliance solely by NEIGRIHMS shall be on the part of the Employer.

14. Default of Contractor in Compliance

In case of default on the contractor in carrying out such instruction within the time specified therein under clause 13 above or, if not within a reasonable time, the Employer shall be entitled to employ and pay other persons to carry out the same and all costs consequent thereon or incidental thereto shall, be determined by the Employer and shall be recoverable from the Contractor.

15. Time for Completion

The operation and maintenance work shall be for a period of 5 (five) years or as mentioned in the letter of commencement and shall start from the date issue of letter commencement and shall stands terminated after the expiry of time. Before completion of contract period, Contractor/Firm shall ensure all equipments, machines etc. in working condition which are installed in sub-station and give a certificate to that effect. BG towards Performance Security and EMD will be refunded to Contractor only after furnishing of such certificate.

16. Extension for Time of Completion

The operation and maintenance contract maybe extended on the written mutual consent of both Employer and Contractor for a further period of 1 (one) year or as decided mutually by both Employer and Contractor. However employer reserves its right to terminate the operation and maintenance contract at any time during the currency of the contract if the services of the agency are not satisfactory as per the opinion of employer or its representatives by giving 1 month notice in writing.
17. **Defect identification and its rectifications**

Agency shall immediately attend the defects and complaints noticed at site during operation duties and informed by operational staff/maintenance staff of Contractor and/or by NEIGRIHMS representatives. The agency shall provide and develop a system for preventive and regular maintenance including breakdown maintenance of all the services which includes defects identifications and its immediate rectification so, that any services are not affected. It shall be the sole responsibility of the maintenance agency that all the services are kept in functional condition round the clock during the concurrency of the contract. The Contractor shall provide details of Contact Person to whom complaint related to sub-stations can be lodged/informed including name of person(s), contact mobile numbers, telephone number, email ID, Postal Address. Complaints lodged/informed by representative of Institute by any mode (including phone calls, Email, SMSs, message through social media, letters) shall be treated as valid modes of communication for lodging/information of breakdown/non-functioning complaints. After attending of complaint, Contractor shall inform completion of maintenance works by way of maintenance reports through email/hard copies including lodging the event and rectification in the log-book. On completion of any maintenance Contractor shall maintain all log-books and maintenance reports as formulated by NEIGRIHMS. Log-book shall have to be verified on weekly basis by officer-in-charge of sub-station. Contractor has to deploy additional manpower and tools at own cost in case of any shifting of equipment is required for proper maintenance of any elements of sub-stations. Contractor has to carry out any work in compliance with directions received from any Statutory Authorities/Central Govt./State Govt. and on directions of NEIGRIHMS to carry out such works. Employer will provide all necessary spares and consumables whenever required for proper working of all equipments, machines etc. of sub-stations. Contractor shall have to suggest for inventories and spares for the same purposes to the Employer to keep in ready stock for immediate availability of spares whenever needed so. On instruction of NEIGRIHMS, Contractor shall have to supply such spares at reasonable rates based on price list to be made available by Contractor. However **in case of emergency**; Contractor shall have to supply materials, spares and consumables for immediate replacement to ensure continuity of power supply to all areas/establishments of NEIGRIHMS. Payment of any such supply of spares/consumables by Contractor will be released after post-facto approval of contractor’s quotation duly supported with reasonable rate and price list.

18. **Penalty for Delay**

If the contractor fails to attend any complaint or defect in due course of time and if in the opinion of Employer delay is on the part of contractor, the employer can impose a penalty on the contractor as deemed reasonable as per the inconvenience occurred or damage caused to the property or service.

19. **Taking-over Certificate**

On expiry of contract period, contractor will submit taking over certificate mentioning working condition of all equipments, machines etc. installed in sub-station. Final bill of contractor will be paid on receipt of such certificate only.

20. **Works to be measured**

The Employer shall determine by measurement the value of actual work done in accordance with the Contract and the Contractor shall be paid that value. In case of lump sum items, payment shall be made proportionately. Part rate shall be made for any part of BOQ items not executed and decision of NEIGRIHMS shall be final and binding on the Contractor.

21. **Method of Measurement**

The works shall be measured net, notwithstanding any general or local custom and as per practices adopted in relation to maintenance of sub-station, except where otherwise provided for in the contract. The contractor should quote if required after seeing the actual condition of the equipments/elements of sub-stations at employer’s site.
TERMS OF PAYMENTS

22. Submission of Bills by the Contractor

Contractor bill will be paid on quarterly basis. The Contractor shall submit the O&M bill in triplicate with the test reports, maintenance reports carried out by the Contractor on a quarterly basis (except for bills of consumables etc.) to the Officer in charge who would verify and process the bill and forward the same to the paying authority for release of payment. In case of any query, the contractor has to give clarification on bill. For processing of bill, contractor will give following to NEIGRIHMS representative:-

(a) Attendance sheets along with salary certificates, wages sheets, EPF contribution statements etc. of all workers and staffs deployed at site for the different types of works. For attendance, Contractor shall have to install biometric attendance system at own cost. Based on biometric record of attendance bill of manpower deployment will be decided. Biometric attendance system might also be connected through LAN or other software/app for monitoring of attendance. NEIGRIHMS shall have full powers to retrieve attendance data of employees of Contractor as and when decided. NEIGRIHMS may ask for bank statements of any or all workers and staffs to prevent any underpayment of wages by Contractor to their workers and staffs.

(b) Certified bills of consumables after approval of quotation duly supported by reasonable rate and price list and issuing of supply or der. This bill shall be paid on arising of such situations.

(c) The number of defects/complaints attended and rectified duly supported with test/maintenance reports and log book.

Base rate towards O&M Cost as quoted by Bidders in this tender shall be calculated after excluding current for every year GST [current @18%] and GST will be paid at actual as per prevailing rate on the date of payment in case of any change in GST rates.

22.1 Deduction of Income Tax

The amount to be deducted towards the advance income tax (TDS) shall be the rate applicable at that point of time.

22.2 Advance Payment/Mobilisation Advance

No Advance payment shall be made under this contract.

23. Discharge

Upon submission of the final statement, the contractor shall give to the employer a written discharge confirming that the total of the Final Statement represents full and final settlement of all pending amount due to the contractor arising out if or in respect if the contract. Final payment will be released only after proper processing of final statement received from contractor.

24. Settlement of Dispute and Arbitration

The party shall use their best efforts to settle amicably all disputes arising out of or in connection with this contract or the interpretation thereof. Any dispute and differences arising out of this contract shall be settled through the process of Arbitration as per provisions of Arbitration and Conciliation Act 1996. Venue of Arbitration shall be at Shillong.

25. Termination of Contract

The Employer is the sole authority and has full right to terminate the contract in case of unsatisfactory performance of the work carried out by the contractor. In such event any payment due subsequent to termination of the O&M Contract shall be forfeited including bank guarantee given by contractor towards Contract Guaranteed Performance Security Deposit. Outstanding payment, if any remaining from the period prior to termination shall however be paid to the contractor.
25.1 Removal of Contractor’s Equipment on Termination

If the contract is terminated, the contractor shall with all reasonable dispatch after obtaining approval from the employer remove all Contractors’ Manpower and Equipment from the Site at own cost.

26. Jurisdiction of Court

The law applicable to the contract shall be the laws in force in India. Settlement of disputes will be through the Commercial Courts, Commercial Division and Commercial Appellate Division of High Courts as per the Commercial Courts, Commercial Division and Commercial Appellate Division of High Courts (Amendment) Act, 2018. All disputes under this contract shall be within the jurisdiction of Courts at SHILLONG in all matters arising under this contract.

27. FORCE MAJURE CLAUSE

27.1 Definition of Force Majeure

In this Clause, "Event of Force Majeure" means an event beyond the control of the NEIGRIHMS and Contractor, which will prevent Contractor from complying with any of its obligations under this O&M Contract agreement, including but not limited to:

27.1 (a) Act of God (such as, but not limited to, fires, explosions, earthquakes);
27.1 (b) War, hostilities (whether war be declared or not), invasion, act of foreign enemies, mobilisation, requisition, or embargo;
27.1 (c) Rebellion, revolution, insurrection, or military or usurped power, or civil war;
27.1 (d) Riot, commotion, strikes, picketing, lock outs or disorder, unless solely restricted to employees of the M/s Omega Elevators or of their Subcontractors; or
27.1 (e) Acts or threats of terrorism.

27.2 Consequences of Force Majeure Event

27.2 (a) Neither the NEIGRIHMS nor Contractor shall be considered in breach of this Contract to the extent that performance of their respective obligations (excluding payment obligations) is prevented by an Event of Force Majeure that arises after the Effective Date.
27.2 (b) Contractor prevented from carrying out its obligations hereunder shall give notice to NEIGRIHMS of an Event of Force Majeure upon it being foreseen by, or becoming known to Contractor.
27.2 (c) If and to the extent that Contractor is prevented from executing the Services due to the Event of Force Majeure, while Contractor is so prevented Contractor shall be relieved of its obligations to provide the Services but shall endeavour to continue to perform its obligations under the Contract so far as reasonably practicable in accordance with Good Operating Practices.
27.2 (d) If and to the extent that Contractor suffers a delay during the re-construction period as a result of the Event of Force Majeure then it shall be entitled to an extension for the Time for Completion.
27.2 (e) If an Event of Force Majeure results in a loss or damage to the any element of sub-station, then Contractor shall rectify such loss or damage to the extent required by the NEIGRIHMS, PROVIDED that any Cost of rectification is borne by the NEIGRIHMS.
27.2 (f) The Contract Period shall be extended by a period of time equal to the period of interruption caused by an Event of Force Majeure.

27.3 Termination and Payment on Event of Force Majeure

Irrespective of any extension of time, if an Event of Force Majeure occurs and its effect continues for a period of 90 days, either the NEIGRIHMS or Contractor may give to the other a notice of termination of O&M Contract. After termination under this Sub-Clause, Contractor shall comply with termination provisions and the NEIGRIHMS shall pay O&M Cost to Contractor equal to an amount calculated and based on pro-rata basis. After rectification of particular Event of Force Majeure, NEIGRIHMS and Contractor may decide mutually to continue CMC Contract.

5. Operation and Monitoring of functioning of PLCC Panel.
6. Operation and Monitoring of functioning of HT and LT Panels of Sub-station and panels in Hospital

7. Operation and Monitoring of functioning of Capacitor Bank Panel
8. Operation and Monitoring of functioning of Breakers, Bus-couplers, MCCBs, all other equipments, accessories, machines, appliances etc. which are and installed in Sub-stations and associated with power supply distribution network.

Besides this any abnormal functioning if observed, then the same to be recorded in log book and attended immediately to rectify minor defects by operational staff related to all equipments associated and installed in Sub-stations (any equipments, accessories, machines, appliances etc.). In case of defects needs support of maintenance staff then the case may be informed to maintenance team for rectification.

Above all, operational staffs have to follow all directions of NEIGRIHMS as and when so arises. In case of any clarification or doubt, decision of NEIGRIHMS representative will be final in Operation and Maintenance matters.

MAINTENANCE WORK:

1. ROUTINE MAINTENANCE OF 11 KV FEEDERS.

1) 11 KV VACUM CIRCUIT BREAKERS AND HT PANELS INCLUDING ACCESSORIES

   a) Checking of IR value of Interrupter
   b) Checking of Mechanical Interruption of Circuit Breaker Opening and Closing.
   c) Checking of Electrical Operation of Circuit opening and closing from both Local and Remote.
   d) Checking of healthiness of Protection Tripping of Circuit breaker.
   e) Cleaning and servicing including re-varnishing of Insulators if necessary.

2) 11 KV CONTROL AND RELAY PANELS.

   a) Checking of Protection relays
i) Testing of pick up current of Protection Relays.
ii) Testing of tripping time of Protection Relays.
b) Testing of Panel Control switch and circuit breaker operation via control switch both local and Remote.
c) Testing of Circuit Breaker operation (Tripping) via Protection Relay.
d) Checking of annunciation / Alarm circuit.
e) Checking of panel meters Ammeters, Voltmeters and Kilowatt meters.
f) Checking of healthiness of earthing points.
g) Cleaning, servicing and resetting of Protection Relay if necessary.

3) 11 KV CURRENT TRANSFORMER (CT) AND PROTECTION TRANSFORMER (PT)

a) Testing of Insulation Resistance of CT’s and PT’s.
b) Primary current Injection Test for checking of CT ratio for both metering and protection core using Primary Injection Set.
c) Voltage Injection test for PT’s to check healthiness of PT’s ratio.
d) Cleaning and servicing including re-varnishing if necessary.

2. ROUTINE MAINTENANCE OF TRANSFORMERS.

A) WEEKLY / MONTHLY / QUARTERLY / YEARLY SCHEDULE

a) Testing of Insulation Resistance (IR).
b) Checking of Silica Gel (Dehydrating Breather)
c) Checking of OLTC / RTCC.
d) Inspecting of Bushings.
e) Checking of Cable Boxes.
f) Checking of Earth Resistance.
g) Tests on oil in Transformers / OLTC and Topping of oil.

B) ROUTINE MAINTENANCE OF CAPACITOR BANKS

1. Circuit breakers.

a) Checking of IR value Interrupter.
b) Checking of Mechanical Operation of Circuit Breaker Opening and Closing.
c) Checking of Electrical Operations of Circuit Breaker Opening and Closing both Local and Remote.
d) Checking of Healthiness of Protection Tripping of Circuit Breaker.
e) Cleaning and servicing including Re-varnishing of Insulators if necessary.

2. Control and Relay Panels.

a) Checking of Protection Relays.
   i. Testing of pick up current of Protection Relays.
   ii. Testing of tripping time of Protection Relays.
b) Testing of Panel Control switch and circuit breaker operation via control switch both Local and Remote.
c) Testing of Circuit Breaker operation (Tripping) via Protection Relay.
d) Checking of annunciation / Alarm circuit.
e) Checking of panel meters Ammeters, Voltmeters and Kilowatt meters.
f) Checking of healthiness of earthing points.
g) Cleaning, servicing and resetting of Protection Relay if necessary.

4) ROUTINE MAINTENANCE OF LT PANELS AND CAPACITOR BANKS.

1. Testing of Air Circuit Breaker.

a) Checking of IR value of Interrupter
b) Checking of Mechanical Interruption of Circuit Breaker Opening and Closing.
c) Checking of Electrical Operation of Circuit opening and closing from both Local and Remote.
d) Checking of healthiness of Protection Tripping of Circuit breaker.
e) Cleaning and servicing including re-varnishing of Insulators if necessary.

2. Testing of Bus Bars.

a) Checking or IR value of Bus.
b) Checking of IR value of Bus Insulator.
c) Checking of Hot Spot.
d) Checking of healthiness of cable termination at Bus.
e) Cleaning and servicing including re-varnishing of insulators if necessary.

3. Testing of LT cubicle.

a) Checking of MCCB.
b) Checking of healthiness of Cable termination.
c) Cleaning and servicing including re-varnishing of Insulators if necessary.

a) Checking of Unit capacitance Value.
b) Checking of Physical healthiness of Units.
c) Checking of Earthing of Bank.

5. ROUTINE MAINTENANCE OF HT AND LT CABLE.

a) Checking of Insulation Resistance (IR) of HT and LT cables.
b) Checking of Healthiness of Cable and its Termination.

6. BREAKDOWN AND RESTORATION OF POWER BREAKDOWN

a) The alternate feed of Power could be made in case of Breakdown / Tripping of One or a few Breakers and to restore the affected load as soon as possible.
b) Maintain all switchboards in ready condition. The various maintenance schedule planned should be executed and record of all such activities shall be maintained. Ensure the availability of redundant system.

7. UPDATED STATUS OF SWITCHBOARDS

a) Maintain the updated status of all switchboards at the Substation & Electrical Panels, Control Room and make the Information available for planning the strategy in case of any unscheduled outage.
b) All “No Power” complaints as per battery limits (which is maintaining power to outgoing of LT Panels) will be attended at the earliest.

8. ACTIVITY BASED SERVICE PROVISION.

This Contract incorporates the following elements and critical parameters.

a) Attending “No Power Supply” complaints for any particular area.
b) Conducting Prevention maintenance as per checklist and schedule and as per directions of NEIGRIHMS.
c) Cable fault finding
d) Attending to complaints in HT and LT breakers.
e) Recommendations for Spares.
f) Abiding to all safety rules and following safe parameters.
g) Target zero accident.
h) Restoration of breakdown during power failures.
9. EXCLUSION

This Contract does not include:
1. Supplying / providing of Battery.
2. Replacement of defective major equipments which are beyond repair.
3. The damages due to Natural Calamities.
4. Civil works such as renovation of Control Room Building.
5. Street lights and Yard Lighting.
6. Internal Electrical Installations in Hospital, Faculty Blocks, Library, Director’s and Quarters, etc.
7. LT network from the outgoing feeder of LT terminal Board.
8. UPS installed in the Hospital.

10. SPECIAL CONDITIONS OF SCOPE OF WORK

(i) All Electrical equipments under this contract shall be periodically tested, tuned, set, rectified, etc. from time to time as per requirement at the beginning of this contract for better performance and longevity.
(ii) The contractor shall be well equipped with tools and accessories, electrical testing instruments as required.

11. Almost all equipments have been included in list of accessories as given in particulars of installation in this tender. But the list is not exhaustive and other equipments shall have to be taken into account for operation and maintenance under this contract. Bidders are advised to visit the site to acquaint with the O&M work requirements of electrical sub-stations.

12. Any shutdown requirement of larger period for maintenance works has to be informed in advance with full details of proper plan and time required for maintenance. Shutdown request has to compulsorily mention (a) sub-station name, (b) name of equipment/element, (c) Whether bypass arrangement can be made (i) If yes, then it is to confirm that the same arrangement has been made, (ii) If no, then whether primary study has been made for assessment of shutdown time (Yes/No), (d) Details of maintenance activities to be carried out during shutdown, (e) Time required for shutdown (Shutdown has to be returned after the period mentioned by agency if extension is not granted by NEIGRIHMS). Maintenance works requiring shutdown are to be carried out only on approval from NEIGRIHMS. However, minor maintenance works can be carried out without disturbing of power supply or diversion of power supply to affected areas or making alternate/bypass arrangement to ensure continuity of affected areas.

13. Normal maintenance of DG Sets shall have to be carried out including replacement of valve, cleaning of air filters, by the Contractor except for major B-check/C-check Type maintenance which shall have to be done by the OEM through NEIGRIHMS.

**Note:** Maintenance Staff will report to O&M Engineer and shall work in General Shift (9.30 AM- 6 PM). However in case of emergency they may require to work on 24x7 basis on Sundays/Holidays or on odd hours for urgent nature of maintenance of any element of sub-station for restoration of power supply at the earliest possible time. Maintenance Staff shall be fully acquainted with operational activities as they will be put on operational duties whenever such situation arises so due to leave or any reason of absence of operational staff. One person each of Maintenance Engineer, Maintenance Assistant and Maintenance Helper will form one maintenance team totalling for 2 (Two) maintenance Teams. Maintenance Team 1 will be deployed for maintenance works Sub-station 1 & 2 and Maintenance Team 2 will be deployed for maintenance works of Sub-station 3, 4 and 5. However, manpower transfer and movement of both operational as well as maintenance staffs will be done as and when directed by O&M Engineer and NEIGRIHMS representative. Maintenance staff may be deployed for operation work during leave/absence of operation staff.

**O&M Engineer – 1 No.**

**Qualification:** Possessing 4-year B.E./B.Tech Degree in Electrical/Electronics Engineering from Central Govt./State Govt./NCTVT/AICTE approved Institute/Universities. Certificates from Private Institute/Universities shall not be accepted which are not recognised by Central Govt/State Govt/AICTE.

**Experience:** Minimum 8 years hands-on experience in maintenance works of Transformer, DG Set, HT Panel, Relay Testing, LT Panel, VCB, ACB etc.
O&M Engineer shall be deployed by Contractor and shall work as overall in-charge for all Operation and Maintenance related activities works. All Operational and Maintenance staff shall directly report to him and follow his/her directions and he/she shall guide his/her subordinates working under him/her for both operational and maintenance matters. He/she shall look after all Operation and Maintenance related activities works. He/she shall check the attendance (on daily basis) of staff working under him/her for operational work as well as maintenance works after visiting the sub-station or site of maintenance. He/she shall be responsible for any discussion and coordination with NEIGRIHMS in finalization of matters. Though O&M Engineer shall work in general shift (9.30-6 PM) but in case of any emergency related to both operational and/or maintenance works, O&M Engineer shall be present at site to supervise the works for early restoration of power supply to affected areas.

All the above personnel shall be deployed by Contractor on full time basis at NEIGRIHMS Electrical Sub-stations. No sub-letting is allowed for carrying out O&M works by any other person on temporary basis and who is not under direct employment of the Contractor agency without informing Employer well in advance and without obtaining approval of Employer for deploying any expert on temporary basis. However, no charges shall be payable for such persons deployed temporarily by Contractor for any maintenance or operational matters towards helping Contractor. All tests and maintenance are to be carried out by personnel deployed only by the Contractor agency. No other person shall be allowed to carry out maintenance or testing works. So, Contractor are advised to bid only after having personnel with adequate qualification and suitable experience to do such maintenance works of Electrical Sub-stations.

**Clerical Assistant: 1 No.** (Qualification: Graduate degree from any recognized university.)

PROFORMA FOR BID SECURITY (EMD)/PERFORMANCE SECURITY BANK GUARANTEE

(On letterhead from any Nationalised/Scheduled Bank)

To,

The Director,
NEIGRIHMS
Mawdiangdiang,
Shillong-793018 (Meghalaya).

Dear Sir,

In consideration of North Eastern Indira Gandhi Regional Institute of Health & Medical Sciences, Shillong Meghalaya (hereinafter called Employer) awarded to M/s _________________________ (hereinafter referred to as the said Contractor or “Contractor” which expression shall whenever the subject to context so permits include its successors and assigns) a contract No. _____________ Dated _____________ and the General conditions of contract and upon the condition of the Contractor’s furnishing security for the performance of the contractor’s obligations and discharge of the contractor’s liability under and in connection with the said contract unto a sum of Rs. ________________________ (Rupees ____________________________ only) amount to ______ percent of the total contract value.

1. We, ___________________________ (hereinafter called “The Bank” which expression shall include its successors and assigns) having our branch office at ______________________ and Registered /Head Office at ___________________________________________ (a Company registered under the Companies Act, 1956) hereby jointly and severally undertake to guarantee the payment to the Employer in rupees forthwith on demand in writing and without protest or demur or any and all monies any wise payable by the Contractor to the Employer under in respect of or in connection with the said contract inclusive of all Employer’s losses and damages and costs, (inclusive between Attorney and Client) charges and expenses and other monies wise payable in respect of the above as specified in any notice of demand made by the Employers to the Bank with reference to this guarantee unto an aggregate limit of Rs. ______________________ (Rupees ____________________________ only)

2. We __________________________ Bank Ltd. Further agree that the Employer shall be sole judge of and as to whether the said Contractor has committed any breach or breaches of any of the terms and conditions of the said contract and the extent of loss, damage, costs, charges and expenses cause to or suffered by or that may be caused to or suffered by The Employer / Contractor on account thereof and the decision of The Employer that the said Contractor has committed such breach or breaches and as to the amount or amounts of Loss, damage, costs, charges and expenses caused to or suffered by The Employer from time to time shall be final and binding on us.

3. The Employer shall be at liberty without reference to the Bank and without affecting the full liability of the Bank hereunder to take any other security in respect of the Contractor’s obligations and liabilities under or to vary the contract or the work to be done thereunder vis-a-vis the Contractor’s or to grant time or indulgence to the Contractor’s or to reduce or to increase or otherwise vary the prices of the total contract value or to release or to forbear from enforcement of all or any of the security and / or any other security(ies) now or hereafter held by The Employer and no such dealing(s), reduction(s), increase(s) or other indulgence(s) or arrangements with the Contractor or release or forbearance or prejudice the rights of The Employer against the Bank.

4. This guarantee shall not be determined or affected the liquidation or winding up, dissolution, or change of Constitution or insolvency of the Contractor but shall in all respects and for all purposes be binding and operative until payment of all monies payable to The Employer in terms thereof.

5. The Bank hereby waives all rights at any time inconsistent with the terms of this guarantee and the obligations of the Bank in terms hereof shall not be any wise affected or suspended by reason of any dispute or disputes having been raised by the contractor stopping or preventing or purporting to stop or prevent any payment by the bank to The Employer in terms hereof.
6. The amount stated in any notice of demand addressed by The Employer to the Bank as liable to be paid to The Employer by the Contractor or as suffered or incurred by The Employer on account or any losses or damages or costs, charges and / or expenses shall be conclusive evidence of the amount so liable to be paid to the Employer or as the case maybe and shall be payable by the Bank to The Employer in terms hereof.

7. This guarantee shall be continuing guarantee and shall remain valid and irrevocable for all claims of the Employer and liabilities of the Contractor arising upto and until midnight of ________________

8. This guarantee shall be in addition to any other guarantee or security whatsoever that The Employer may now or at time any wise may have in relation to the Contractor’s obligations / or liabilities under and / or in connection with the said contract, and The Employer shall have full authority to have recourse to or enforce this security in preference to any other guarantee or security which The Employer may have or Obtain and no forbearance on the part of The Employer in enforcing or requiring enforcement of any other security shall have the affect of releasing the bank from its full liability hereunder.

9. It shall not be necessary for The Employer to process against the said Contractor before proceeding against the bank and the guarantee herein contained shall be enforceable against the Bank notwithstanding that any security which The Employer may have obtained or obtain from the Contractor shall at the time when proceeding are taken against the said Bank hereunder be outstanding or unrealised.

10. We, the Bank undertake not to revoke this guarantee during its currency except with the consent of The Employer in writing and agree that any change in the Constitution of the said contractor or the said Bank shall not discharge our liability hereunder.

11. We, ________________ the said Bank further that we shall pay forthwith the amount stated in the notice of demand notwithstanding any dispute / difference pending between the parties before the arbitrator and / or that any dispute is being referred to arbitration.

12. Notwithstanding anything contained herein above, our liability under this guarantee shall be restricted to Rs. ________________ (Rupees ________________ only) and this guarantee shall remain in force till ________________ and unless a claim is made on us within 3(Three) months from that date, that is before ________________ all the claims under this guarantee shall be forfeited and we shall be relieved of and discharged from our liabilities there under.

Dated: ________________ day of ________________ 2020.
