

No.NEIGR/Anaes/OT/2014/

Dated: Shillong, the 22nd July 2014

To
The Store & Procurement Officer
NEIGRIHMS, Shillong - 18.

Sub: Request for an urgent remedy against the Microbiological culture report received from the laboratory NEIGRIHMS, matter regarding.

Sir,

With reference to the subject stated above I would like to inform you that the culture report in random sample bottle Ringger Lactate (IV Fluid) mfd.date February 2014, Exp. Date January 2017 is showing Bacterial contamination-"ENTEROCOCCUS SPECIES GROWN IN CULTURE" (culture report is enclosed).

Therefore, I request you to take immediate action to "**REJECT OR BANNED**" the product at once (I.e, Ringger lactate manufactured by the company as mention below) as this is tremendously dangerous/harmful and a health hazard to patients at large.

Thanking you.

Yours faithfully,

Mestilda Umlong
