F. No.

NEIGR-IT/00/2023

Dated the 30th October 2023

CIRCULAR

This is for information of all HOD of the Institute and to draw your attention to a critical issue affecting the institute's network infrastructure. Recently, there have been instances of unauthorized IP address assignments to devices including desktop computers/laptops and Lab equipments within various departments, leading to IP conflicts and network connectivity issues. This has a significant impact on the overall efficiency and stability of our network.

To address this concern and maintain a seamless network environment, it is requested for your cooperation and assistance in ensuring that IP address assignments are conducted in a controlled and authorized manner. It is imperative that all IP address assignments and changes within your respective departments should be formally submitted to the IT Cell for approval. IT Cell will review and process these requests, ensuring that they do not conflict with existing IP addresses or disrupt the network infrastructure.

This issues with the approval of the Competent Authority.

(Dr. A J Patowary)
HOD, Forensic Medicine &
Faculty I/c, IT Cell
