To,
Shri Rajendran Nair M.B.
Under Secretary (EPW)
Government of India
Ministry of Health & Family Welfare, (EPW Division)
Nirman Bhawan,
New Delhi - 110001

Dated: 27th November '2019

Sir,
Subject: - Matter related to processing of procurement through GeM.

I am directed to refer to the minutes of the meeting held under the Chairmanship of Special Secretary- HFW, Government of India on 23th October 2019, forwarded vide F.No. Z-28015/34/2016-EPW(Pt) dated 15th November 2019.

2. The draft projection of assets till the end of March 2021, pertaining to this Institute is at Annexure "A", enclosed for perusal please. The respective annual procurement plan is uploaded on the Institute web site and the link for uploading on GeM portal would be required for the further action at our end. The list of 'categories' that need to be incorporated on the GeM platform is enclosed at Annexure 'B'.
3. The institute would compulsorily required provision of comprehensive maintenance contract (CMC) for at least 5 (five) years beyond the warranty period as mandated in GFR 2017- Rule 169, without which processing of equipments on GeM platform would result in risk to the Institute, in the contract of management of respective equipments/systems.
4. Further, the medical equipment / systems are to processed considering the life cycle cost as per GFR 2017 and therefore the slots for indicating cost for 5 (five) years warranty and 5 (five) years CMC, cost of consumables and spares for the period of operation of the system, would be required to be incorporated on GeM platform for processing of system/ equipments.

Thanking you,

Yours faithfully

(David T Umdor)

The list of 'categories' that need to be incorporated on the GeM platform:

1. Anatomical Model.
2. Simulation System.
3. Educational tools and consumables
4. Dialysis System and consumables
5. Endoscopy systems and accessories
6. Ultrasound and Echo System
7. Anesthesia Workstation and accessories
8. Blood component Systems
9. Central Sterile Storage Systems and accessories
10. Dental Units and accessories
11. Audiometry System, tools and accessories
12. Forensic examination systems and accessories
13. Laser Systems
14. High-end Suction devices
15. Gynecological workstation.
16. Ophthalmology Scanning System with all accessories
17. Physiotherapy system with accessories
18. Pediatric warming and incubator systems
19. Digital Radio graphy System with accessories.
